PROFESSIONAL SUMMARY

Chemistry honors student with excellent analytical mindset and research capabilities. Proficient in executing lab protocols, documenting experimental logs, and using basic Python scripting to analyze Titration telemetry.

TECHNICAL SKILLS

Python, MS Excel, Research, Data Analysis, Communication, Technical Writing

PROFESSIONAL EXPERIENCE

Lab Assistant at *Presidency Chemistry Lab*

Aug 2023 - Present

- Cataloged daily chemical inventory and experimental titrations in MS Excel spreadsheets.
- Maintained laboratory compliance standards and prepared weekly lab briefs.

PROJECTS & PORTFOLIO

Titration Curve Grapher (*Python, Matplotlib, Tkinter*)

- A graphical tkinter application plotting temperature and pH profiles, exporting charts as PDF.

EDUCATION

B.Sc in Chemistry - Presidency University (GPA: 7.9 / 10)

2021 - 2024

ACHIEVEMENTS

- Winner of State Level Science Quiz 2022
- Represented College in Chemistry National Seminar
